For over 13 years, thousands of emergency, clinic, and urgent care nurses have participated in this comprehensive triage program. The course content drives accurate triage decisions that are validated through appropriate documentation.

The hallmark for minimizing risk in the waiting room is all about consistency in triage practices that serve the best interest of the patient. Nationally recognized training and staff that are involved in ongoing triage competency practices promotes a culture of best triage practices.

TRIAGE

“For the concerns I have heard over the last several months, as an ER manager I could not have picked a better seminar to attend, thanks”
 Alabama ED Manager

“Every single nurse loved the conference. People actually thanked me for sending them, this is a first”
 Linda Libby
 Nurse Director, ED
 North Country Hospital
