

Our mission and purpose is to:

Offer reality based reasonably priced education, consulting, and coaching services for the health care industry and health care personnel

Make a positive impact on health care workers by sharing our knowledge through education

Empower health care workers through a coaching process to find their way in the constantly changing and challenging health care environment

Offer quality in all areas to include seminar site locations, teaching materials, and customer services

Increase awareness among health care workers to issues related to all victims of abuse; child, elderly and domestic violence

Advocate and support our Purple Heart heroes through the Wounded Warriors in Action Foundation (www.wwiaf.org)

Encourage nurses to become actively involved in “giving back” either locally or through a national effort
